From traditional through to contemporary designs the Caesarstone® Supernatural range is where creativity meets quality.

The Virtue of Quartz

Quartz is one of nature's strongest minerals. Resistant to stains, scratches, cracks and heat, Caesarstone surfaces require minimal maintenance. Consisting of up to 93 percent quartz, Caesarstone retains the cool, tactile qualities of natural stone while offering a wide range of design possibilities.

The Classic Colour Collection

A perfect surface is like the icing on a cake. It's the final touch, your own personal signature. With Caesarstone's vast array of colours, styles and motifs you're sure to find your perfect design. Whether for the kitchen, bathroom or any space you can envision, there's a Caesarstone surface that meets the highest standards of quality while inspiring creativity.

Supernatural and Supernatural Ultra Designs

Inspired by some of the world's most beautiful natural stones and marbles, Caesarstone's Supernatural and Supernatural Ultra designs use cutting-edge technology to delicately infuse veins and other intricate characteristics.

The new Supernatural designs adorn any interior, from traditional through to contemporary designs, maintaining all the advantages and timeless qualities of Caesarstone.

High Style, Low Maintenance

Caesarstone’s polished quartz surfaces never need sealing and require very little maintenance to keep them looking like new. The hard, non-porous surface makes cleaning simple. In most cases, soap and water or a mild detergent are all that are required to maintain its lustre. Alternatively, use the specially formulated Caesarstone Spray and Wipes for daily cleaning.

For extra-stubborn spills we recommend using Caesarstone Cream Cleanser, which is detailed in our Care and Maintenance guide.

It is important to understand that like all materials dark colours show marks and smears more readily than light colours.

Wall Linings

Non-porous, waterproof, mould and mildew resistant, Caesarstone quartz surfaces are ideal for kitchen splashbacks and bathroom wall linings. A sleek and modern aesthetic minimises joins and maintenance.

We always recommend making final colour selection from an actual sample as the colours in this brochure are only as close as modern printing methods allow. Like all materials dark colours show marks and smears more readily than light colours.
